

SOUTH CENTRAL COAST DISTRICT

County of Santa Barbara

1. Number of segments - 0
2. Summary status:
 - a. The Land Use Plan (LUP) was first certified with suggested modifications on December 12, 1980, and the zoning (Implementation Program) portion on June 17, 1982. Following three more LUP resubmittals, and one zoning portion resubmittal, both the LUP and zoning were effectively certified on August 11, 1982, with the County assuming permit-issuing authority on September 1, 1982.

An area of deferred certification (ADC) in the Summerland area (Bougerie/Glenn/Roberts properties) was created on August 11, 1982, and covered 64 acres. The main issues were urban-rural boundary, density of development, appropriate land uses, and provision of water and sewer. It was resolved by the Commission's certification of an LCP for this area on October 14, 1992. The LCP for this area was effectively certified by the Commission on February 16, 1993, also the date on which the County assumed permit-issuing authority for this area.

The Commission effectively certified the zoning ordinances for the community of Isla Vista on June 13, 1989, which also resolved issues of allowable zoning density in an area of deferred certification in Isla Vista. On March 17, 1993, the Commission certified an amendment to the original LCP affecting land use and zoning designations on miscellaneous parcels and portions of parcels throughout the coastal zone that were inadvertently excluded in the original certification of the LCP.

- b. Comprehensive Update. The Commission awarded the county a \$23, 972 LCP planning grant in 1999 to update a portion of the LCP for the Ellwood Shores area but the majority of this area is now in the City of Goleta jurisdiction; please see that discussion. The approved works program's intent was to respond to Coastal Commission 1998 findings and suggested modifications, adopted in its action on an LCP amendment request, regarding issues such as restricting the types of trails in environmentally sensitive habitats, and addressing additional issues regarding the land use and natural resource elements, and site specific development standards. An update to the post-certification jurisdiction map was adopted on December 8, 2004.

The Commission is currently processing two Amendments: 1) LCPA MAJ-4-04-A (County ZORP) that is a comprehensive amendment to significantly reformat the County's certified Implementation Plan. Hearings on this amendment are expected in late 2008. Currently, the County has a separate zoning ordinance for the portion of the County within the Coastal Zone. This amendment will completely replace the current IP and merge the portion the zoning ordinance for areas outside of the Coastal Zone with the portion within the Coastal Zone in order to create a single new comprehensive County Code for all areas of the County; and 2) LCPA MAJ-4-07-B (Montecito ZORP):

which is a proposal for Montecito to have its own zoning code, and to no longer be subject to the overall County Zoning Code (i.e., LCPA 4-07-A above). It exempts Montecito from some of the provisions of the existing LCP. It is not anticipated to be scheduled for several months.

3. Areas of Deferred Certification:

- a. Haskell's Beach ADC. This ADC was created on August 11, 1982, and includes about 73 acres. The main issues are public access, environmentally sensitive habitat, shoreline erosion, density, urban-rural boundary, and water service. A 1985 coastal permit approved a major 400-room hotel complex on a portion of this area. The County resubmitted an LCP for this ADC but then withdrew it prior to Commission action.. This area is now within the jurisdiction of the City of Goleta Since the City of Goleta does not have a certified LCP the Commission has permit jurisdiction over the site.
- b. Channel Islands ADC. This ADC was created on August 11, 1982, and includes the four island of San Miguel, Santa Rosa, Santa Cruz and Santa Barbara. Issues are oil, public access and rare and endangered species. All are unresolved at this time.

City of Goleta

1. Number of segments - 0
2. Summary status:
 - a. LUP. The City of Goleta was incorporated in February 2002. An LUP has not yet been certified. A significant portion of the Ellwood Shores area was addressed through a coastal development permit submittal from both the City of Goleta and a private developer that transferred potential development from 137 acres of the Ellwood mesa to an adjacent 36-acre Santa Barbara Shores property formerly owned by the County of Santa Barbara (CDPs 4-04-084 & 085 (Comstock Homes) The City is working on an LCP but a submittal date is not yet projected.
 - b. Implementation. Submittal date unknown.

City of Santa Barbara

1. Number of segments - 2
2. Summary status:

a. City Segment

The LUP was certified as submitted on January 22, 1981. The zoning ordinance was submitted in October 1983, but withdrawn, pending revisions in the waterfront area. A resubmitted zoning ordinance for the City Segment was certified with suggested modifications on May 13, 1986. A second resubmitted zoning ordinance was certified without modifications on November 12, 1986, also the date on which the City assumed permit-issuing authority for the entire City Segment.

b. Airport/Goleta Slough Segment

The LUP was certified with suggested modifications on May 20, 1982. The City prepared an Airport Master Plan and LUP for the Airport/Goleta Slough area. The Implementation Plan (zoning portion) was certified with suggested modifications by the Commission on June 14, 1991. The total LCP was effectively certified by the Commission on December 11, 1991, also the date on which the City assumed permit - issuing authority for this segment.

a. Comprehensive update

A partial update was completed in the update of the Harbor Master Plan in LCPA No. 2-95.

b. Categorical Exclusions

A Categorical Exclusion E-06-01 to exclude demolition and reconstruction of single family residences in the designated non-appeal areas was approved on March 15, 2007. The ED checkoff was approved on June 14, 2007.

3. Area of Deferred Certification:

City of Carpinteria

1. Number of segments - 0
2. Summary status:
 - a. The LUP portion was certified without suggested modifications on January 22, 1980, and the zoning portion certified (with suggested modifications) on June 18, 1981. Both portions were effectively certified by the Commission on January 6, 1982, and the City assumed permit-issuing authority on January 27, 1982.
 - b. Comprehensive Update. The Commission awarded a \$45,936 LCP planning grant to the City in 1999 to update a portion of the LCP addressing a Creeks Preservation Program. An Updated Land Use Plan was certified by the Commission in LCP Amendment 1-01.

The Creeks Program LCPA 1-04 was approved with modifications July 14, 2004. This included updated water quality protection measures.

County of Ventura

- 1. Number of Segments - 0
- 2. Summary status:
 - a. The LUP was certified with suggested modifications on August 20, 1981. A resubmitted LUP was certified in January 1982, and was effectively certified on June 17, 1982.
 - b. The zoning portion was certified with suggested modifications on April 28, 1983. The County accepted the modifications, and assumed permit-issuing authority on October 26, 1983.
 - c. Comprehensive Update. The Commission staff is currently commenting on the County’s draft of an LCP Amendment to add new enforcement provisions (including fines/penalties provisions and a methodology to quantify significance of violations) to the County’s Implementation Plan. This Amendment is expected to be submitted in late 2008.
- 3. Area of Deferred Certification: None.

City of San Buenaventura

1. Number of segments - 0
2. Summary status:
 - a. The Commission denied the first LUP on October 7, 1981 and certified it with suggested modifications on December 16, 1981. A resubmitted LUP was certified with suggested modifications on both March 19 and December 17, 1982. The City accepted

these suggested modifications, and the LUP was effectively certified on January 25, 1984.

- b. The zoning portion was certified with modifications on July 29, 1983. The City accepted the suggested modifications, including a categorical exclusion approved in October 1983, and assumed permit-issuing authority on February 23, 1984.
- d. The total LCP for the Ventura Harbor area (a former LCP segment) was effectively certified by the Commission on May 21, 1981, the first time it had been considered. This area's LCP was consolidated into the total City LCP as part of the Commission's approval of LCP Amendment No. 1-90 (Major), in 1990.

d. Comprehensive Update. The City has begun an update of the General Plan/LUP. The Commission awarded a \$38,293 LCP planning grant to the City in 2001 to initiate the update process. Both the pending MAJ-2-07 "Downtown" and MAJ-1-08 "Midtown" LCPAs constitute focused updates to the LCP. Amendment No. SBV-MAJ-2-07 (Downtown Plan) is currently pending and involves an update to amend both the LUP and IP to replace the previously certified "1993 Downtown Specific Plan" policies with the new "2007 Downtown Specific Plan" land use policies and implementation measures. In addition, this amendment is expected to go to hearing in late 2008. Amendment No. SBV-MAJ-1-08 (Midtown Plan) is also currently pending and involves) an update to the City's Implementation Plan only to add a new Specific Plan called the "Midtown Corridors Development Code" revising the zoning for all areas of the City's "midtown" area. This is expected to go to hearing in 2008.

3. Area of Deferred Certification: None.

City of Oxnard

1. Number of segments - 0
2. Summary status:
 - a. The LUP received effective certification on May 18, 1982, except for the Oxnard Shores, Channel Islands Harbor, and Mandalay Beach areas. A categorical exclusion for most of Oxnard Shores (except for the uncertified shorefront lots) was approved on June 12, 1985.

- b. The zoning portion of the LCP was effectively certified on April 10, 1985, and the City assumed permit-issuing authority on April 18, 1985. The City’s post-certification map illustrating Commission permit and appeals jurisdiction was revised on April 10, 1996.

The Oxnard Shores ADC was created on May 18, 1982. The major issues were public access and shoreline erosion. These were resolved by a Commission-certified resubdivision for the area as part of a resubmitted LCP on June 7, 1988. Commission effective certification occurred on August 10, 1988.

The Channel Islands Harbor ADC was created on May 18, 1982, and included the entire County-owned Harbor within the City of Oxnard.F The major issue was whether the City or the County had planning jurisdiction. The City developed an LCP for the area while the County submitted a Public Works Plan and both were approved. The Commission certified the LCP as resubmitted on December 10, 1986 and this area was resolved, although the approved Public Works Plan for Ventura County is still in place for this area and is being implemented.

The Mandalay Beach ADC was created on May 18, 1982, and included about 100 acres. The issues were public access, shoreline erosion and density of development. The resubmitted LCP was certified on April 21, 1987, and resolved all of these issues.

County of Los Angeles (part)

1. Number of Segments - 4 (for remainder of segments see South Coast Area)
2. Summary Status:

a. Malibu/Santa Monica Mountains

The LUP was submitted in December 1982. This LUP involves a large complex geographic area with many complex LCP issues, including access, and the cumulative impact of new development. On March 24, 1983, the Commission found substantial issue with the LUP and denied it. The LUP was certified with suggested modifications on June 13, 1985. The original LUP was resubmitted again and certified with suggested modifications on November 19, 1985. A revised LUP incorporating many of the suggested modifications submitted in October 1986 and certified as submitted (and therefore effectively certified) on December 11, 1986. A portion of this segment was incorporated into the new City of Malibu on March 28, 1991.

A partial implementation program was denied by the Commission as inadequate on July 10, 1990. The Commission awarded three LCP planning grants (1997, 1998, and 2001, totaling \$286,500) to the County for work on a three-phase planning program to develop the Santa Monica Mountains LCP segment. During the grants' terms, the County nearly completed the

IP Public Review Draft. The County is currently working on a revised Land Use Plan and an Implementation Plan for the uncertified area and the projected submittal date is early 2009.

3. Area of Deferred Certification: None.

1. LUP No. 1-97 (Major) – Approved (w/ suggested mods) 2/5/98.(SOKA University)

City of Malibu

1. Number of segments - 0
2. Summary status:
 - a. This City was incorporated on March 28, 1991. The City of Malibu is geographically located within the confines of the certified Los Angeles County Malibu/Santa Monica Mountains Land Use Plan. An LCP planning grant for funding to prepare the LCP Land Use Plan was awarded (\$42,690) in 1998. During the grant’s term, the City completed an administrative draft of the LUP
 - b. In September 2000, the Governor signed AB 988, the Malibu Bill, into law. The bill required that the CCC draft and submit to Malibu an LUP by January 15, 2002. The bill also required that the CCC adopt an LCP for the City of Malibu by September 15, 2002. The LCP for the City of Malibu was effectively certified by the Commission on September 13, 2002. The LCP action was litigated. The City recently completed a major LCP Amendment to revise the LCP. The Amendment was filed as LCPA No 1-04 and later withdrawn.
 - c. Comprehensive Update. The Commission is currently processing LCP Amendment MAJ-3-07 (Recreation Overlay District) which would modify both the LUP and the IP to add new policies limiting/regulating public recreational activities and adding a new overlay district for public access/recreation. The Commission is also processing a related submittal for an LCPA override from the Mountains Recreation and Conservation Authority (MRCA) to override LCPA No. MAJ-3-07 with a different overlay and different policies.

University of California at Santa Barbara (UCSB)

1. Number of segments - 0
2. Summary status:
 - a. The Long Range Development Plan (LRDP) was certified on March 17, 1981. The University is complying with the suggested modifications of approval, including commencement of the faculty housing project and submittal of the wetlands enhancement plan, and is regularly sending the Commission the required notices of pending development.
 - b. Comprehensive Update. An update of the LRDP was certified by the Commission with suggested modifications as amendment No. 1-91. The University has published a Draft EIR for the Comprehensive Update (2010-2025) for the LRDP. The Update will involve a complete overhaul and replacement of the current LRDP (which was referred to as the “1990-2005 LRDP” Submittal of the amendment and revised LRDP is expected following completion of the CEQA process.
