ARTICLE 18. MAP REQUIREMENT AND BOUNDARY DETERMINATION CRITERIA

§ 13576. Map(s) of Areas of Commission Permit and Appeal Jurisdiction.

(a) In conjunction with final Local Coastal Program certification or the delegation of coastal development permit authority pursuant to Public Resources Code Section 30600.5, whichever occurs first, the Commission shall, after public hearing, adopt a map or maps of the coastal zone of the affected jurisdiction that portrays the areas where the Commission retains permit authority pursuant to Public Resources Code Sections 30603(a)(1) and (a)(2), or 30600.5(d). These maps shall be drawn based on the criteria for permit and appeal boundary determinations, set forth in Section 13577 below, and will serve as the official maps of the Commission's permit and appeal jurisdiction. The Commission, in consultation with the local government, shall update these maps from time to time, where changes occur in the conditions on which the adopted maps were based, or where it can be shown that the location of the mapped boundary does not adequately reflect the intended boundary criteria. Revisions of the adopted maps shall be based on precise boundary determinations made using the criteria set forth in Section 13577. The revised maps shall be filed with the affected jurisdiction within 30 days of adoption by the Commission. In addition, each adopted map depicting the permit and appeal jurisdiction shall include the following statement:

"This map has been prepared to show where the California Coastal Commission retains permit and appeal jurisdiction pursuant to Public Resources Code Sections 30519(b), 30603(a)(1) and (a)(2) and 30600.5(d). In addition, development may also be appealable pursuant to Public Resources Code Sections 30603(a)(3), (a)(4), and (a)(5). If questions arise concerning the precise location of the boundary of any area defined in the above sections, the matter should be referred to the local government and/or the Executive Director of the Commission for clarification and information. This plat may be updated as appropriate and may not include all lands where permit and appeal jurisdiction is retained by the Commission"

(b) In the case of local governments which have received Commission approval of their Phase III (implementation) Work Program and Budget prior to January 1, 1980, the permit and appeal area maps shall be adopted by the Commission prior to the certification becoming effective pursuant to Section 13547 of the Commission's regulations.

(c) Any request for a written determination for either (1) interpretation or revision of any boundary shown in any permit and appeal jurisdiction map approved pursuant to subsection (a), or (2) a determination of the precise location of a particular parcel or area of land in relation to any boundary shown on any such map, shall be accompanied by payment of the fee set forth in Section 13055(b)(6).
