Last Amended 08/22/01  
Status **Chaptered**, Statutes of 2001, Chapter No. 502

AB 640 (Jackson) Coastal Resources: Certified Local Programs

This bill would amend Section 30519.5 of the Coastal Act, relating to Periodic Reviews of Local Coastal Programs. The legislative findings related to changed circumstances and out-dated LCPs direct the Commission and local governments to undertake, as expeditiously as possible, the review of previously certified LCPs and take corrective measures as necessary to ensure that implementation meets the goals and policies of the Coastal Act. The bill provides that if, after public hearings and notifications as prescribed in the bill, a local government elects not to amend its LCP as recommended by the Commission, the Commission may vote to:

- a) Not process any further amendments to the affected local coastal program until the local government takes the actions recommended by the Commission;
- b) Review on appeal any permits issued by the local Government;
- c) Review all appeals using the Chapter 3 policies of the Coastal Act, not the LCP as the standard of review.

Introduced 02/22/01

To Members of the California State Assembly:

I am returning Assembly Bill 104 without my signature.

This bill would increase fees on every San Francisco Bay Area motorist by up to \$4 without a vote of the electorate for the purpose of funding water quality projects that mitigate the effects of pollution caused by motor vehicles.

I have supported and the state has provided substantial funding for these types of important projects. Proposition 13, approved by the voters last year, provides \$190 million for water quality nonpoint source projects and \$90 million for watershed protection and pollution prevention projects. In addition, I have just signed Assembly Bill 1602, which if approved by the voters on the March 2002 statewide ballot, will provide additional funds to protect our natural resources, including funds that can help address motor vehicle-related water pollution. Specifically, AB 1602 includes \$300 million for water quality projects to protect our beaches, lakes, streams and rivers from pollution.

Given the rapid decline of our economy and increasing layoffs, the amount of money this program would raise does not warrant the additional burden on the motoring public.

Sincerely,

GRAY DAVIS

To the Members of the California State Assembly:

I am returning Assembly Bill 960 without my signature.

This bill would appropriate \$300,000 from the General Fund to the Office of Criminal Justice Planning to support the Environmental Circuit Prosecutor Project (ECPP).

Notwithstanding the merits of this excellent program, I must veto this measure. Due to the rapid decline of our economy and a budget shortfall of \$1.1 billion through the first three months of this fiscal year alone, I have no choice but to oppose additional General Fund spending. However, I am directing the Environmental Protection and the Resource Agencies to bring affected state agencies and stakeholders together to help craft a long term solution for supporting the ECPP.

Sincerely,

GRAY DAVIS
