

# California Beach Treasure Hunt

Instead of collecting these treasures, draw a picture, snap a photo, or just take a moment to observe. Not all of these items will be found at every beach.

Remember, always keep an eye on the ocean. Stay safe!

☐ People footprints

☐ An insect

☐ A kite

☐ Bird footprints

☐ A leaf

☐ Coastal access sign

☐ A white shell

☐ A crab

☐ A smooth, round rock

☐ A wave

☐ A shell of 2 or more colors

☐ A feather

☐ A jagged, rough rock

☐ A bottle cap (pick this one up and drop it in a trash can!)

☐ Seaweed

☐ A surfer

☐ A lifeguard

☐ Birds

☐ A beach towel

☐ A boat

What did you think about that bottle cap? You can help by doing a beach cleanup after your treasure hunt. Use a bucket or bag and carefully collect trash and carry it to a trash can. Don't pick up anything sharp - ask an adult for help. Find more ideas for how you can protect our coast and ocean at [www.coastforyou.org](http://www.coastforyou.org).
