

SEASHORE HAPPINESS

On the beach
I see sand and sea shells.
I see big cliffs that look cool
and sea otters that play.
The sky !
I love the clouds
which keep passing by
the beautiful ocean
and I love the creatures
and the sunset.
The ocean makes life happy.

2nd Grade

BEACH WIND

I went to the beach
and I felt the wind
on my face.
Cold wind on my face.
It felt good.

by Carlos Carpenter

1st Grade

THE SANDCRAB

The sun
the rocks
the beautiful ocean,
but my most favorite thing
is the sandcrab.
I like the sandcrabs
because they dig.

1st Grade

The Ocean

We have such a beautiful ocean

Whose waves are hazardous in motion

It's blue and it's grey

I love to play there all day

And when I go home I get lonesome
