

# Waves, Wetlands, and Watersheds

FREE WORKSHOP for EDUCATORS

EARTH DAY! Tuesday, April 22, 2014, 4-7pm

Point Vicente Interpretive Center  
31501 Palos Verdes Drive, West, Rancho Palos Verdes

Photo by Richard Mittleman

At this workshop, you will receive a FREE copy of the California Coastal Commission's science activity guide for teachers, *Waves, Wetlands, and Watersheds*. You'll try some of the activities in the guide and get an overview of other free educational resources and programs the Coastal Commission has available. You'll learn about California Coastal National Monument, a wonderful resource for using public lands in environmental education, practice a data collecting exercise, and receive a California Coastal National Monument DVD. This workshop supports cross-curriculum themes in art, language arts, and science.

Workshop presenters are Annie Kohut Frankel, Education Coordinator, California Coastal Commission and Tracy Albrecht, Interpretive Specialist, Bureau of Land Management. Space is limited. **Please register by April 18** to [Annie.Frankel@coastal.ca.gov](mailto:Annie.Frankel@coastal.ca.gov), (415) 597-5888, or (800) Coast4U. Include the spelling of your name, email, phone number, grade(s) taught and your school or organization as applicable. This workshop is useful for both formal and informal educators. Professional growth credit is offered through the University of the Pacific (when additional work is performed). Details are available upon request.

\* \* \*

*Waves, Wetlands, and Watersheds* is a classroom activity guide for teachers that addresses California's coastal and marine issues such as endangered species, marine debris, coastal geology, water use, and more. It is carefully aligned to the California State Science Content Standards for grades 3 through 8, includes Community Action lessons adaptable for all ages up to and beyond grade 12, and is correlated to Common Core and NGSS. The connection between inland areas and the ocean is emphasized throughout, so the lessons are relevant for students living in all regions of California.

For more information, please visit the Coastal Commission's Public Education website at [www.coastforyou.org](http://www.coastforyou.org)
